Subject: I support the feasibility study

Mayor Mahan and honorable members of the Santa Clara City Council,
As a faithful fan of the San Francisco 49ers, I strongly support your efforts to study the feasibility of a new stadium in Santa Clara. In Santa Clara, it all adds up:
The stadium would be located in the heart of the city's entertainment district, close to many highways, public transit options and family entertainment destinations.
A new stadium would provide a significant boost to the local economy.
The proposed financing plan puts the burden of cost overruns and operations shortfalls on the 49ers, not the city of Santa Clara.
I urge you to move forward with the feasibility study and help keep the team in the Bay Area, where they belong.
Respectfully,
Sunny Love Vega

Mayor Mahan and honorable members of the Santa Clara City Council,
As a faithful fan of the San Francisco 49ers, I strongly support your efforts to study the feasibility of a new stadium in Santa Clara. In Santa Clara, it all adds up:
The stadium would be located in the heart of the city's entertainment district, close to many highways, public transit options and family entertainment destinations.
A new stadium would provide a significant boost to the local economy.
The proposed financing plan puts the burden of cost overruns and operations shortfalls on the 49ers, not the city of Santa Clara.
I urge you to move forward with the feasibility study and help keep the team in the Bay Area, where they belong.
Respectfully,
Robert Jones

Re: *Extension Of Ground Lease Between the City of Santa Clara and Cedar Fair*

Dear Jennifer:

I am writing to inform you that Cedar Fair will extend the term of the ground lease between the City of Santa Clara and Cedar Fair beyond the initial lease period of December 31, 2009. Because the extension of the lease is automatic (under Section 203 of the lease) for three additional 10-year terms beyond the initial lease period, Cedar Fair is not required to provide notice in order to invoke the extension. Nonetheless, and for purposes of clarity, please be advised that Cedar Fair will *not* exercise its unilateral right to *prevent* the automatic extension of the lease. Instead, as we have emphasized to you and others, Cedar Fair is committed to the continued operation of Great America, and we hope to be able to provide affordable family entertainment for future generations of visitors.

Mayor Mahan and honorable members of the Santa Clara City Council,
As a faithful fan of the San Francisco 49ers, I strongly support your efforts to study the feasibility of a new stadium in Santa Clara. In Santa Clara, it all adds up:
The stadium would be located in the heart of the city's entertainment district, close to many highways, public transit options and family entertainment destinations.
A new stadium would provide a significant boost to the local economy.
The proposed financing plan puts the burden of cost overruns and operations shortfalls on the 49ers, not the city of Santa Clara.
I urge you to move forward with the feasibility study and help keep the team in the Bay Area, where they belong.
Respectfully,
J.D. YETZ, SR.
